What's in the works for Public Works?

We have been spending a fair amount of time cleaning drainages and making improvements to them by removing obstructions and improving flow. These have been in addition to our normal duties. We have received more rainfall this year than in the previous years. We are hoping that by doing our part to keep these drainages clean we can help minimize potential flooding issues for our residents.

In addition, the Public Works crew are planning on crack sealing our streets in September. Please be patient with them while they are working on this project within our neighborhoods.

Let's keep it clean...

September

- **September 1** - Birthday - Tarzan of the Apes creator Edgar Rice Burroughs (1875-1950) was born in Chicago. Before becoming a novelist, he was as a correspondent for the Los Angeles Times.
- **September 3, 1838** - Anti-slavery leader Frederick Douglass began his escape from slavery by boarding a train in Baltimore dressed as a sailor. He rode to Wilmington, Delaware, where he caught a steamboat to the free city of Philadelphia, then took a train to New York City where he came under the protection of the Underground Railway network.
- **September 11, 2001** - The worst terrorist attack in U.S. history occurred as four large passenger jets were hijacked then crashed, killing nearly 3,000 persons. Four separate teams of Mideast terrorists, operating from inside the U.S., boarded the morning flights posing as passengers, then forcibly commandeered the aircraft. Two fully fueled jumbo jets, American Airlines Flight 11 carrying 92 people and United Airlines Flight 175 carrying 65 people, had departed Boston for Los Angeles. Both jets were diverted by the hijackers to New York City where they were piloted into the twin towers of the World Trade Center. The impact and subsequent fire caused both 110-story towers to collapse, killing 2,752 persons including hundreds of rescue workers and people employed in the towers. In addition, United Airlines Flight 93, which had departed Newark for San Francisco, and American Airlines Flight 77, which had departed Dulles (Virginia) for Los Angeles, were hijacked. Flight 77 with 64 people on board was diverted to Washington, D.C., then piloted into the Pentagon building, killing everyone on board and 125 military personnel inside the building. Flight 93 with 44 people on board was also diverted toward Washington but crashed into a field in Pennsylvania after passengers attempted to overpower the terrorists on board.
- **September 16, 1620** - The Mayflower ship departed from England, bound for America with 102 passengers and a small crew. The ship weathered dangerous Atlantic storms and reached Provincetown, Massachusetts on November 21st. The Pilgrims disembarked at Plymouth on December 26th.
- **September 26 - Birthday** - American folk legend Johnny Appleseed (1774-1845) was born in Leominster, Massachusetts (as John Chapman). For 40 years, he traveled through Ohio, Indiana and into Illinois, planting orchards. He was a friend to wild animals and was regarded as a "great medicine man" by Native Americans.
- **September 29, 1789** - Congress created the United States Army, consisting of 1,000 enlisted men and officers.
- **September 30, 1955** - Actor James Dean was killed in a car crash in California at age 24. Although he made just three major films, Rebel Without a Cause, East of Eden and Giant, he remains one of the most influential actors.
