Summer Reading 2020

Summer reading programs help promote literacy and a love of learning in all age groups. This is especially important in the current climate of global unrest. The Piedmont Valley Library would like to help! Throughout the months of June and July, we will be offering prizes, challenges, and fun virtual and curbside activities for a variety of ages and interests.

How Do I Participate?

Simply fill out our online registration form or ask for a paper version via our curbside service. Then just keep track of every 15 minutes read by each participant during the months of June and July along with any challenges you complete or activities in which you participate. The library will be providing the popular reading tracker app ReadSquared along with traditional paper reading logs to help you stay organized and engaged! When the program has concluded, we will have a raffle with a variety of fun prizes for all ages. Each 15 minutes that you read, or challenge or activity you complete during the program will count as one entry!
