UPDATED Notice of Funding Opportunity (NOFO)

Hazard Mitigation Grant Program (HMGP)

SUMMARY:

WASHINGTON – Following 59 major disaster declarations issued due to the COVID-19 global pandemic, on August 5th, 2021, President Biden approved more than \$3.46 billion to increase resilience to the impacts of climate change nationwide. This significant investment will be available for natural hazard mitigation measures.

Subsequently, a total of **\$2,730,749.00** is available via the **Hazard Mitigation Grant Program (HMGP) under SD DR-4527**. Funding is available for local governments and certain private-non-profit organizations to apply for hazard mitigation projects that will reduce the loss of life and property by lessening the impacts of future disasters. DR-4527 allows up to 5% (**\$136,537.45**) for Initiative Projects and up to 7% (**\$191,152.43**) for Mitigation Planning.

In further commitment to improve the nation's infrastructure, on March 15th, 2022, President Biden signed H.R. 2471, Consolidated Appropriations Act, 2022 into law. This granted a minimum 90% federal cost share for any emergency or major disaster declaration occurring between January 1st, 2020 and December 31st, 2021. This increased federal cost share will apply to all mitigation projects selected for funding in DR-4527, and the 10% state cost share will still apply. **Therefore, all projects selected for funding in DR-4527 will be funded in entirety with federal and state resources.**

FEMA's full press release for H.R. 2471 can be viewed [here](#). If you are interested in discussing eligibility of mitigation projects or beginning the application process, please contact the State Hazard Mitigation Officer, Heather Allemang, at 605-773-3231 or heather.allemang@state.sd.us

- Project cost shares are as follows: **90%** Federal Match / **10%** State of SD OEM Match. There will no requirement for a local match.
- Subrecipients will be eligible for 5% of the project award amount for management costs.

STATE OF SD OEM CONSIDERATIONS:

- Applications submitted past the deadline will not be considered for funding.
- Subrecipients may apply for up to 5% of their total project cost as Subrecipient Management Cost (SRMC). SRMC ***must*** be included in the application as a separate line-item within the budget section of the application. No SRMC funding will be available to the applicant until all final expenses are reconciled and their SRMC expense log has been submitted for verification. Mitigation staff will submit the SRMC and amendment to FEMA Region VIII for approval. Upon receiving the project amendment for SRMC, mitigation staff will process the reimbursement for the SRMC and close the subgrant.
- All agencies that have a stake in environmental and historical preservation for your project will need to have an environmental letter sent to them for their response on your project. These response letters ***must*** accompany the application. Dear Ms. Allemang,

As part of the Hazard Mitigation Grant process, a local funding match is required. This letter serves as the City of Summerset's commitment to meet the matching fund requirements for the proposed HMGP project. The City of Summerset recognizes that typical cost-share requires a 25% local matching fund requirement to be made by hard cash and/or in-kind commitment of up to \$7,131.25 for the proposed generator project which is estimated to cost a total of \$28,525.00. Due to HR-2471, the cost-share has been adjusted to 90% federal match and 10% local match. The South Dakota Office of Emergency Management has committed to meet the 10% local match, and the City of Summerset recognizes that the proposed project will be funded in entirety with federal and state resources.

Any in-kind match source will be volunteer time. All volunteers will indicate their wage or use the state volunteer wage of 23.94 per hour.

Sincerely,

Melanie Torno
