From the Mayor's Desk

I had the pleasure of volunteering for the dunk tank for the Piedmont Valley Chamber End of Summer event. It is fulfilling to help raise money for the Piedmont Valley Chamber to help support businesses in the Summerset and Piedmont Valley area. I can say the water was freezing and the kids had great arms this year! All for a great cause. There was a great turnout of vendors, emergency vehicles, food trucks, and Summerset residents with plenty of entertainment and food options. Thank you to Piedmont Valley Chamber for sponsoring this event and we look forward to collaborating with them in the future.

Gearing Up for School

In the United States in 2020, there were approximately—

- **5,000** children and infants clothing stores
- **22,000** shoe stores
- **4,000** department stores
- **5,000** office supply and stationery stores
- **6,000** bookstores

Note: These are for establishments with employees.

Roll Call

- **About 73 million:** The number of children and adults enrolled in school throughout the country in October 2020—from nursery school to college.
- **About 48 million:** The total number of students enrolled in public kindergarten through 12th grade in the United States in fall 2020.
- **About 4 out of 10 (45%):** The percentage of children aged 3 to 6 who were enrolled in pre-k and kindergarten in the United States as of October 2020.

Education Pays Off

In 2020, all workers aged 18 and older with earnings made different average yearly salaries based on their education level.

- People with a bachelor's degree made approximately **\$73,000**.
- High school graduates and GED recipients made about **\$39,000**.
- Those with an education below ninth grade made nearly **\$32,000**.

Why do magicians do so well in school?

Because they're good at trick questions.

Hitting the Books

- **About \$13,500:** The current spending per pupil amount (in dollars) for elementary and secondary public school systems in the United States in 2020.

School Bus Safety

STOP FOR SCHOOL BUSES

Students who are returning to in-person learning may rely on school buses to get them to and from school safely.

Did You Know: School buses are the most regulated vehicles on the road; they're designed to be safer than passenger vehicles in preventing crashes and injuries; and in every state, stop-arm laws exist to protect children from other motorists.

If you are driving, remember these simple rules:

- Yellow flashing lights on a school bus mean slow down — don't speed up — because the bus is preparing to stop. There are likely students waiting to get on the bus or parents waiting nearby to pick up children.
- Red flashing lights mean stop — and wait at least 20 feet behind the bus — because children are getting on or off the school bus. Stay stopped until the red lights stop flashing, the extended stop-arm is withdrawn, and the bus begins moving.
- Even when lights aren't flashing, watch for children, particularly in the morning or mid-afternoon, around school arrival and dismissal times. Be alert as you back out of a driveway, or drive through a neighborhood, school zone or bus stop.

September Artist of the Month

John Watts - Woodworking

His love for woodworking started when he was young
and has developed into a relaxing hobby of fun. He
retired from the army after 22 years of service and
has worked in the construction sector for medical
facilities for the last 25 years. He loves his work, but
woodworking is his fun escape.

We need more volunteers. If you
have ever considered helping,
please stop in and fill out an
application.
